

Botchan by Sōseki Natsume

Sōseki Natsume

Botchan is the story of a young math teacher from Tokyo whose first assignment takes him to a middle school in the country side. His arrival there is not very lucky: The pupils are bound to test his perseverance and cheerily comments every single one of his perceived missteps. In the teacher's room, he soon finds himself in the middle of an intrigue between the jovial "Porcupine" and the fat "Hubbard Squash" on one side, and the effeminate "Red Shirt" and his follower "Clown" on the other. Will Botchan choose the right side in the end?

Botchan - with morality as the main theme - is one of the most popular novels in Japan. Sōseki Natsume bases the story on his own experience as teacher in Matsuyama, his first assignment away from Tokyo.
